CRISTOPHER JACINTO

My name is Christopher. I am 7 years old and entering my second season in 2020. My first racing debut was in 2019 at a Mini Max Competition. I was 6 years old, managed the track very well and placed twice on the podium. I competed against the best 8 - 12-year-old cadet drivers on the club at 60mph.

This season I'm driving a Mini Rok Engine aimed at a younger generation of kart drivers. The engine has the following features: Single-cylinder 2 stroke engine, displacement 60cc, piston port, Air-cooled, equipped with a centrifugal dry-clutch and integrated electrical starter. I'm planning to race at various local tracks.

Your support would be greatly appreciated in helping me race this season. I can't do it alone. Racing is an extremely expensive sport, without the support of fans, friends and family, none of this would be possible. I want to become a professional driver.

I was "Born to Perform".
